

# FINTECH & ENTERPRISE TRADE MISSION TO UAE 2025

## ABOUT GROW LONDON GLOBAL

Grow London Global is a free 12-month programme for London-based tech companies that want to expand internationally - the successor to the Mayor's International Business Programme, which has helped 1,300 London scaleups including Monzo, Revolut, Checkout.com, Brompton Bicycles, Mr & Mrs Smith and Bloom & Wild reach their global expansion goals.

The programme offers expert advice, workshops, events, networking opportunities with partners, corporates, investors, peers as well as unrivalled opportunities to make valuable contacts into your target market on trade missions across the world.

For more information, visit: [grow.london/global](https://grow.london/global)

## abound

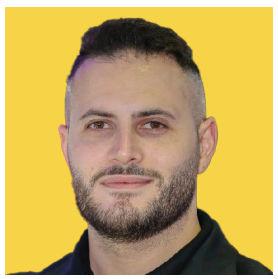

Abound is changing the way lending works with Open Banking and AI, delivering more accurate credit decisions. Our technology massively outperforms traditional credit scores, and reduces defaults by 50–70%, proven at scale with £500m+ in loans. Our decision technology, Render, is available for whitelabel by other companies, and is already used by major financial institutions and Fintechs across industries like insurance, remittances, legal finance, and auction finance.
